WebIQ-150-RT
Runtime server with 150 process signals, 2 controllers and 2 clients

- Server runs on Windows, Linux and ARM architectures like Raspberry Pi, etc.
- Ready for Docker &, Kubernetes: WebIQ Connect can also be used as a Docker container (see documentation / how-to's &, examples)
- Connectivity: OPC UA is integrated by default, native fully customizable connection available as a service
- Server is designed for tough industrial use in 24/7 continuous operation
- SCADA light functionality with integrated SQLite database engine: Stores and displays huge amounts of process data as well as alarm events and context data
- Security and industry-grade encryption (TLS 1.2, TLS 1.3). This product includes software developed by the OpenSSL Project for use in the OpenSSL Toolkit. (www.openssl.org)
