**Terminal x160, 4P, pikendatud****Bränd:** Hager**GTIN:** 3250613346706

Pikendatud ühendusklemm on mõeldud kasutamiseks korpuse moodsa x160 3- ja 4-pooluseliste kompaktkaitseülilitega, võimaldades mugavamalt ja paindlikumalt kaablite ühendamist. Nimivool 160 A tagab töökindla elektriühenduse erinevates paigaldustes. Pikendatud konstruktsioon parandab ligipääsu klemmidele ning lihtsustab paigaldust kitsamates või keerukamates jaotuskeskustes.

## Evaluation Version

This PDF document was created by an evaluation version of RealObjects PDFReactor 12.3.2 (17644). The evaluation version is fully functional, but includes this information page. It must not be used for production purposes. The information page and all other evaluation notices must not be removed from the PDF file.

**NOTE:** Conversions in evaluation mode might be slower and the results might have a larger file size than in production mode.

## About PDFReactor

RealObjects PDFReactor is a powerful formatting processor for converting HTML and XML documents into PDF. It uses Cascading Style Sheets (CSS) to define page layout and styles. The server-side tool enables a great variety of applications in the fields of ERP, eCommerce and Electronic Publishing.

PDFReactor supports HTML5, CSS3 and JavaScript.

It allows you to dynamically generate PDF documents such as invoices, delivery notes and shipping documents on-the-fly. PDFReactor allows you to easily add server-based PDF generation functionality to your application or service. Since PDFReactor runs on a server, the end-user in general does not need any software other than a PDF viewer.
